

British Regional
Transport Association

We're campaigning for better public transport. Join us.

STIMULATING ECONOMIC GROWTH
ENHANCING ACCESSIBILITY AND INCLUSION

PROMOTING QUALITY OF LIFE AND HEALTH
IMPROVING OUR ENVIRONMENT

- A new **Amphill Parkway Station** served by Thameslink?
- Is **Flitwick Station** adequate for growth and development in the area?
- A station at **Wixams** will now cater for the huge new demand at Universal... but with a huge delay arriving?
- How will **East-West Rail** be routed around Bedford?

Unsustainable development without additional or enhanced railway stations impacts the well-being of local people and urban centres.

Stand up for rail and bus services fit for the 21st century.

We're **BRTA**.

We're facilitating a proper conversation about public transport in the Bedford - Wixams - Amphill - Flitwick area.
